eAF DES Change Summary

Purpose

The aim of this document is to summarise the changes applied to the Data Exchange Standard covering variation form for version 1.24.0.01 of the Electronic Application Forms.

It should be noted this document in no way replaces the current DES documents for each of the respective forms.

In all instances, and to facilitate understanding, an extract of the original schema definition is supplied, along with the updated version.

To enable cross reference to the release notes for 1.24.0.1, this document will reference the corresponding Change Request/defect reference number associated with the DES change.
