

## **2.C            Production and Control of Starting Materials**

### **2.C.1        Starting materials listed in pharmacopoeias**

[Raw material-2.C.1](#) complies with the current Ph.Eur monograph in force

### **2.C.2        Starting materials not listed in a pharmacopoeia**

#### **2.C.2.1 Starting materials of biological origin**

Active ingredient-2.C.2.1-1 complies with the current internal monograph in force (see detail in [annexed doc](#))

Cells-2.C.2.1-2 complies with the current internal monograph in force (see detail in [annexed doc](#))

#### **2.C.2.2 Starting materials of non-biological origin**

Raw material-2.C.2.2-1 complies with the current internal monograph in force (see detail in [annexed doc](#))

Raw material-2.C.2.2-2 complies with the current internal monograph in force (see detail in [annexed doc](#))

#### **2.C.2.3 In-house preparation of media**

Media-2.C.2.3-1 complies with the current internal monograph in force (see detail in [annexed doc](#))

Media-2.C.2.3-2 complies with the current internal monograph in force (see detail in [annexed doc](#))
